

Father, you called Guillermo Roviroso, showed him the greatness of your love, demonstrated in Jesus Christ, the worker of Nazaret, delivered up to the death and revived, and sent him as apostle to the labour world. Grant us to live, with the same coherence, through the baptisme that had made us your children, so that in the work of every day we managed to transform the society according to your will and to transmit the happiness of the faith to our brothers.

We pray you, for his intercession, your help in order to solve the need we present to you.....

and beg you the pleasure of being grateful to you with a major commitment in favour of the love and justice.

For Jesus Christ, our Lord.
